cause to get the FBI through the front door of Pellicano's office. I don't know if it's true, but several individuals have suggested that Patterson fed you the names and led you to implicate Pellicano and Seagal in the conversations. Is that true?

Newly obtained records show that Patterson was phoning and meeting with you at the request of the government from late 2001 until the day you were arrested. The records allegedly show that Patterson was working directly for Ornellas long before a dead fish was placed on Busch's car in June, 2002. What do you make of that? Do you believe there was any government misconduct in your case, or in the Pellicano case?

If you have any interest in reading what the motions say about you, please just let me know. Also, please feel free to call me collect at 213 [REDACTED]. Or call me on my cell phone at [REDACTED]. I look forward to hearing from you.

Thanks for your time.

Respectfully,
